

These are some guidelines for OH who wish to block incoming spam emails from Stephen Gould and ksas-au.net

(Note ; This is a pdf document, so I'm sorry the underlined direct website links listed below have been lost in the conversion.)

All email clients should allow you to block specific email addresses.

To do this, you may be able to open one of Gould's emails and next to his address might be a link to "mark this address as spam" or else open your mail options and look for your "blocked senders list", where you can enter stephen.gould@ksas-au.net and paul.jenkins@ksas-au.net (or even better, simply "ksas-au.net" to block all emails from this organisation). Additionally, you may want to enter his alias, stephen.gould@oic.org or just "oic.org".

Here are some specific instructions for a few of the more widely used email clients:

Microsoft Outlook Express

http://www.tiscali.co.uk/help/email/oe_block.html

Microsoft Outlook

<http://helpdesk.ua.edu/training/outlook/junk.html#list>

Yahoo mail

<http://help.yahoo.com/l/us/yahoo/mail/original/abuse/abuse-09.html>

Microsoft Hotmail (Live Mail)

<http://email.about.com/cs/hotmailtips/qt/et120601.htm>

AOL
